BARKLEY, COOPER, PERKINS & CLARK WIN IN PRIMARY

Voting in party primaries Saturday, Kentucky's nominated Democrat Alben W. Barkley and Republican John Sherman Cooper as party candidates for United States Senator and voters of the Seventh Congressional district nominated Democrat Carl D. Perkins and Republican Curtis Clark for Representative.

Barkley, former Senate Floor Leader under Roosevelt and Vice President under Truman, polled 137,034 votes to 2,360 for Cecil, 3,259 for Delk and 2,563 for Hussey, to win the Democrat nomination by a wide margin.

Incumbent Cooper polled 63,750 votes to 2,286 for G. Tom Hawkins, and 2,065 for W. G. Jones. Thus, Barkley's total was more than twice that polled by Republican John Sherman Cooper.

The above totals are from all but 155 of the state's 4,217 precincts.

In the Seventh district, incumbent Democrat Congressman Carl D. Perkins won handily over Atty. James Wine of Pikeville, carrying every county in the district. Mayor Curtis Clark of Prestonsburg won the Republican nomination over Sam Ward of Hazard.

All Democrat Congressmen were re-nominated in Kentucky, and Republican Congressman John M. Robison, Jr. was re-nominated in the Third district (Louisville). Republican Congressman James Golden declined to seek re-election in the Republican Eighth district; and Republicans nominated Eugene Siler, once the party's nominee for Governor. Democrats nominated Mitchell S. Fannin of Whitley City.

Morgan Voting Is Light

Morgan county Democrats in Saturday's primary polled top-heavy majorities for Alben W. Barkley for nomination for U. S. Senator and Congressman Carl D. Perkins for re-nomination to Congress.

Republicans gave majorities to Senator John Sherman Cooper for re-nomination for Senator, and to Curtis Clark of Prestonsburg for nomination for Congress.

The vote was comparatively light, with only 2,034 Democrats going to the polls and only 185 Republicans.

Barkley, who served as Senate Floor Leader under Roosevelt and Vice President under Truman, polled 1,853 votes in Morgan. His three opponents received scattering votes totaling 50 for Logan Delk, 31 for Jesse N. R. Cecil and 22 for Edward Hussey.

Incumbent Congressman Carl D. Perkins received 1,785 votes to 304 for Atty. James Wine of Pikeville.

In the Republican primary, Senator Cooper received 184 votes and G. Tom Hawkins 1. Curtis Clark, present mayor of Prestonsburg, carried Morgan county for the Republican nomination for Representative with 140 votes to 34 for Sam W. Ward of Hazard.

ELECTION BOARDS FOR A.S.C. NAMED

The community election boards for the A.S.C. farmer committee elections have been announced by the Morgan A.S.C. county election board. All members of the community boards have agreed to serve, according to Charlie Dixon, county agent, who is chairman of the board.

2 MEN IDENTIFIED

For those of you who tried to identify the two men in the homecoming contest in last week's Courier, if you did not guess they were Al Garver and Sam Carter, then you were wrong. Several out-of-towners identified the men and the first one to do so will receive a prize at the school homecoming banquet Aug. 21.

Gridiron Meeting Scheduled Monday

Coach Glendon Stanley issued calls this week for all candidates for his 1954 Morgan County high school football squad to meet at the high school gym in West Liberty Monday, Aug. 16 at 1 p.m. (slow time) to register for practice.

Training will start Tuesday, Coach Stanley said.

Coach Stanley said that boys now working who may not be able to start practice immediately are asked to attend Monday's meeting to register. The squad, or at least most of them, hope to get in two weeks of training before school starts Aug. 30.

The Morgan County team will open an eight-game schedule on September 10. The schedule follows:

Sept. 10—Louisiana—Away

Sept. 17—Prestonsburg—Home

Sept. 24—Reedland—At Home

Oct. 1—Mt. Sterling—At Home

Oct. 8—Open

Oct. 15—Paintsville—Away

Oct. 22—Wurtland—At Home

Oct. 29—Cattlettsburg—Away

Nov. 5—McKell—Away

SENATORS SCORE BENSON RULING ON ACP TENURE

Vote to Revoke Ag Order Limiting On ACP Committeemen

WASHINGTON, Aug. 11—Democrats aided by a few farm-state Republicans gave Secretary of Agriculture Benson a political spanking in the Senate tonight by voting to revoke his order for limiting terms of farmer committees.

It was the first Senate defeat for Republicans backing Benson and the administration's farm posals.

Sen. Humphrey (D-Minn.) touched off the fireworks by offering a rider to the omnibus farm bill which would nullify a recent order by Benson that no farmer committeeman could serve more than three consecutive one-year terms.

The fast-talking Minnesota Democrat, who is a candidate for re-election, said farmers had a right to elect whomever they pleased and the Benson order was undemocratic and bureaucratic. Farmer committeemen administer crop controls, soil conservation, payments, etc., at state, county and local levels.

In the showdown vote 40 Democrats, independent Sen. Morse of Oregon and 4 Republicans lined up for the Humphrey amendment which was approved 45-44. The Republicans were Young and Langer of North Dakota. Thye of Minnesota and Wiley of Wisconsin.

Winchester Nips West Liberty, 6-4

By RUDY FRANKLIN

The West Liberty Bluegrass team lost their fifth straight league contest by less than a three run margin at Winchester Sunday as the Hustlers bested the local nine by a 6-4 count. The local club jumped off to a quick lead in the first inning as they bunched three hits to push across three runs during the initial frame. The surge was highlighted by Hancy's double and Nickell's seventh home run of the campaign. The Winchester club, however, fought back steadily in the contest to score twice in the second and then rally to score the tying tally in the fourth inning. The West Liberty club again dominated the scoring with a single run in the top of the fifth but the determined Hustlers knotted the county at 4 all in their half of the fifth as they too tallied a lone marker. The affair was finally climaxed in the seventh as the Winchester club took advantage of three hits and a West Liberty error to push across two runs and conclude the scoring at 6-4.

Although the local club threatened in both the last two frames they were unable to forward their run output above 4.

The local club will meet league leading Owensville here Sunday in what will probably be the season's conclusion.

Morehead Banker Named by Governor

Gov. Lawrence W. Wetherby has named Glenn W. Lane, Morehead, to the State Flood Control and Water Usage Board for a four-year term ending June 30, 1958.

Lane will represent the Eighth District. Comprising the district are Nicholas, Fleming, Lewis, Bath, Montgomery, Powell, Rowan, Menifee, Wolfe, Greenup, Carter, Elliott, Morgan, Magoffin, Boyd, Lawrence, Johnson and Martin counties.

Lane, a banker, replaces J. A. Richards, Owensville, whose term has expired.

EMERGENCY POLIO DRIVE IS SET FOR WEEKS AUG. 16-31

Morgan Has Been Granted \$250.00 By National Group

The Morgan County Polio chapter is making plans to enter into the Emergency Polio Drive which because of a national crisis, is being conducted Aug. 16 through Aug. 31.

This year 5,458 cases of polio were reported as of July 15 which is above the average for the past five years. The National Foundation is forced to ask for an Emergency Drive because of the high case load and the expense of the trial vaccine and Gamma Globulin being used this year.

Morgan county raised \$1,379 in the March of Dimes drive early this year, of which one-third was kept by the local chapter. The other two-thirds went to the National Foundation with one-third earmarked for research and one-third for patient care.

However, the local chapter has had two hospital cases this year and it was necessary to ask for a grant from the National Foundation to help care for the hospitalization of the parents and pay off old bills for patient of previous years. The National Foundation sent a grant of \$250.

More funds are needed, however, to continue the hospital care of patients and to pay for braces, physical therapy, etc. At present the chapter has one small child, Donnie Gale Hopkins, age 2 of Matthew, as a patient in the convalescent home at Lexington. The child developed polio three weeks ago and was taken to St. Joseph Hospital for treatment, and later sent to the convalescent home.

Letters will be mailed by the local chapter next week asking for donations to help with the hospital care of local polio patients. They should be returned as soon as possible. Also coin collectors will be placed in business places to receive donations.

SHOOT-FISH FRY GROSSED \$522

Gross receipts of \$522 were taken in at the fish fry and shooting match held by the Kiwanis Club Sunday at index to raise funds to help pay off the debt on West Liberty's new swimming pool.

Of this amount \$354.00 was clear and will be applied on the debt, Harold Barber, manager of the sponsoring committee, reported.

About 500 attended, and the skeet shooting and rifle matches attracted some of the best shots from as far away as Bourbon county.

Winners of the skeet matches were—Dick Rushford of Mt. Sterling, who missed only one shot; Raymond Bashford of Carlisle; Ray Blair of Zag, Tom Johnson of Paris, Bourbon county, and Chalmers Allen of West Liberty.

Winners of the rifle matches were—N. C. Dismas of Elliott county, Woodrow Adkins (2) of Little Sandy, Howard Adkins (2) of Elliott county, Rex Macey (2) of Elamton, and Dr. Alec Spencer of West Liberty.

Winners of the various matches received picnic broilers. Ten persons participated in each match. A total of about 40 took part in the skeet shooting.

Bill Phillips of Licking River held the lucky ticket that won the Remington 16 gauge automatic, and Bill Eldridge's son of Elliott county won the single shot 22 rifle.

Thanks go to the following for their contributions in making the event the success it was—Everett Henry for permitting the use of the site; Woodrow Stamper for donation of 15 gallons of lemonade and 15 gallons of ice tea; Jasper Dennis for donation of 50 pounds of fish and cooking them; Homer Elam for donating a 22 repeating rifle; Brown's Hardware and Electric Store for donating a single shot 22 rifle; Walter Adkins of Little Sandy for conducting the skeet shooting; Frederick Radio Service for loaning their public address system; the West Liberty Funeral Home for loaning a tent.

HAZEL GREEN HOME COMING

Hazel Green Academy homecoming for former students will be held this week end, Friday, Saturday and Sunday on the campus at Hazel Green.

NAMED PRINCIPAL

Bishop Taubee was named principal of the Wolfe County high school at Campton by the Wolfe County Board of Education last week.

Five Morgan Farmers To Buy 77 Sheep

Five Morgan county farmers have placed orders for 72 ewes and five rams to start sheep flocks on their farms this fall.

The Morgan county orders will be grouped with orders from Magoffin county farmers at a meeting in Salsberyville Thursday.

Richard C. Miller, sheep specialist from the Kentucky Experiment Station, will attend the Salsberyville meeting along with county agents of both counties. Some of the Morgan farmers also will attend the meeting.

The orders stem from a plan to start a sheep farming industry in hill counties. Mr. Miller during the past two years has held three meetings here to tell farmers of the plan. He said the breeding ewes and rams should be received within a week or ten days after the orders are placed.

Morgan farmers ordering sheep are—Joe D. Stacy 12 ewes and one ram; Jasper Jones of Insko 15 ewes and one ram; Rex Murphy of Ezel 10 ewes and one ram; Cummings Fugate, Grassy Creek, 25 ewes and one ram, and Hager Ray of Sellers 10 ewes and one ram.

STANLEY GEVEDON CLAIMED IN OHIO

Stanley Gevedon, 57, died suddenly of a heart attack at Middletown, Ohio last Sunday.

Funeral services were held at the Crawford Street Church of God in Middletown Wednesday, and burial was at Middletown.

He was a farm hand at Armco, where he had been employed for 32 years.

Surviving are his wife, Irma Collier Gevedon; his father, John Frank Gevedon, and his stepmother of Grassy Creek; two sisters, Mrs. Carme Ferguson and Mrs. Jewell Ferguson of Clonmawr; three half sisters, Mrs. Frank Ferguson of Middletown, Mrs. Chalmers L. Tobias of New Paris, Indiana; and Mrs. Joe Blevins of Grassy Creek; three brothers, Ed Gevedon, West Liberty, manager of the Licking Valley REA; Joseph Gevedon and H. C. Gevedon of Grassy Creek.

Festive Air To Mark Old School Homecoming Aug. 21

Gay 90's Revue And Square Dancing Will Follow Big Banquet

Golden Anniversary Year—that is what visitors to the annual Morgan County School Homecoming will celebrate when they meet in West Liberty Saturday, Aug. 21. Founded in 1904 as the Matthew T. Scott, Jr. Collegiate Institute and now known as Morgan County High School, the school has been a focal point of interest in community activities down through the years.

Homecoming visitors here the 21st will not see the picturesque red brick building with its bell tower and white columns that set on the side of the hill overlooking a broad expanse of rolling campus, but the present scene is just as handsome, and denotes that progress has been made. In 1937 an edifice of native stone replaced the "brick square." The school has enlarged so much that additional buildings and classrooms were built. Last year a new wing was added to the top floor of the school, and this year it has been necessary to build another wing on the other side.

According to the homecoming president, J. Luther Blair of West Liberty, the get together this year should be the most festive yet in observance of the fifty years of service the school has given. He says that many former students

Strawberries, Molasses, Sheep, Beans Talked for New Crops at Field Day

Farm Field Day Held At Cassity's Blairs Mill Home

Farmers attending the Farm and Home Field Day at the farm of Mr. and Mrs. Ellis Cassity, Blairs Mills, Aug. 6, saw many demonstrations and received lots of ideas for increased farm income.

Farm women saw some of the newer containers and wrappers for freezing and canning foods. Miss Ann Stevens, Home Demonstration Agent, discussed the latest developments in food preservation.

On a tour of the farm, the first stop showed a good kill of poison oak that had been sprayed with one-third pint of 2,4-D ester per two gallons of water May 12 and again June 16.

Mr. Cassity showed a meadow that had been well-fertilized and seeded this spring. Part of the field was seeded with oats. He had cut a good oat crop but there was much better growth of the grasses and clovers on the part of the field that did not have oats with it.

A fertilizer test on corn could be distinguished for one-fourth of a mile. A new-ground field had received 500 pounds of 2-12-6 in the row at planting time. On June 26 County Agent Charlie Dixon sidedressed one-tenth acre with 10-8-5 fertilizer at the rate of 800 pounds per acre as the need was shown by soil test. One-tenth acre adjoining the plot was sidedressed with ammonium nitrate at the rate of 250 pounds per acre. The added nitrogen looks as though it will double the yield of the corn.

A test of five of the leading hybrid corn varieties showed promise for some of the new hybrids. Ohio grown U. S. 13, Ky. Grown U. S. 13, G134, Ky. 203, U. S. 523 and G91 were varieties that were included in the test. Farmers also saw test rows in which the seed was treated with lindane to control soil insects.

Forestry, Tobacco Studied

James Newman, Forestry Specialist for the Extension Service, discussed good woods management for larger timber crop yields. He pointed out trees that could be cut for pulpwood and provide for growth or replanting of more desirable trees. He indicated various types of trees that were of no value that should be killed to allow faster growth of desirable trees. He showed how to kill trees with chemicals to prevent sprouting. The farmers later saw some trees that had been treated with a basal spray of 245T by Mr. Dixon on June 16. Some of them were almost dead.

A tobacco variety test of eight varieties was very interesting. A new variety that is highly resistant to wildfire as well as root rot, wilt and mosaic looked very promising. The low nicotine varieties, Ky. 35 and 41A looked equally as good as 16 or the other varieties. Burley 2, 24, 57 and 58 were other varieties that were included in the test. Tests of lindane for wireworm control did not show any visible advantage in this test. Ira Massie, Field Agent in Tobacco for the Extension Service, discussed the tests.

A meadow fertilizer test in which strips were fertilized according to need as shown by soil tests. Although the fertilizer was applied as a top dressing June 22, it already shows one-third more growth and a much healthier color.

Licking River Limestone Company spread a load of lime from a spreader truck. Mr. Dixon pointed out the need for lime and the danger of over-liming. This type of spreading was one of the most satisfactory methods being used and one of the cheapest, said Mr. Dixon.

Kash Bach demonstrated how he had used an overhead spray system on his tractor to spray

Kiwanis Club Lauded For Work On Pool

J. Blaine Nickell, lawyer, spoke to the Kiwanis Club at its meeting Wednesday evening at Stamper's Restaurant. He told of the local club's outstanding work and said if the swimming pool project was properly reported as well as other projects the club has sponsored, they might win another national award.

Dr. Alec Spencer urged that the members of the club visit the school and support it.

Farrell Fannin, a midshipman from the Naval Academy at Annapolis who recently returned from a cruise to Europe, was a guest of the club.

Merle Nickell Will Coach At Buffalo

Merle Nickell of West Liberty will leave Aug. 22 for LaRue county where he has accepted the position of basketball and baseball coach and member of the teaching staff of the Buffalo high school for the coming year.

Nickell, a son of Atty. and Mrs. J. Blaine Nickell, graduated from Morgan County high school in the class of 1944 and from Morehead State College in 1950. He was coach at Fredonia high school in Caldwell county two years.

SENATE PASSES SLIDING SCALE FARM SUPPORTS

Vote Is Hailed As Big Victory For Eisenhower

WASHINGTON, D. C., Aug. 11—The Senate by a vote of 49 to 44 adopted the flexible system of farm price supports asked by President Eisenhower and Secretary of Agriculture Benson to replace the flat 90 percent support law that has been in effect since the early 40's.

The main test vote in six days of debate came on a proposal to set flexible supports at from 90 percent down to 82½ percent on five basic crops—cotton, corn, wheat, rice and peanuts. The President and Benson had asked for a sliding scale from 90 down to 75 percent.

The House a month ago adopted the sliding scale from 90 down to 82½ percent, and the Senate this week voted 49-44 to adopt the same plan.

The two bills now go to a conference of Senate and House committees to iron out the differences, mainly on dairy and sheep support prices.

Although Eisenhower and Benson had fought for a sliding scale down to 75 percent to replace the present flat support of 90 percent, the Senate's action was hailed as a major Administration victory for the President and Benson since it served to approve a sliding scale of supports rather than rigid supports set by Congress. The President had said he hadn't meant to reduce supports down to the limit of 75 percent the first year, anyway.

The Administration's plan is to lower supports in times of oversupply and increase them in times of scarcity, they said.

The Senate bill was brought to a final vote Tuesday. Kentucky's Senator Clements voted against the bill and Senator Cooper voted for it.

The farm bloc Senators fought to retain the flat 90 percent support, contending that the reduced price supports would bankrupt thousands of farmers. They tried also to increase dairy supports, but were defeated also on this.

Tobacco is treated separately and will continue under its present support program.

MRS. SAM SPENCER DIES HERE AUG. 12

Mrs. Sam Spencer, 73, of West Liberty died here Thursday, Aug. 12, after a long illness.

Survivors are a daughter, Eula Mae, at home; three brothers, Mort Neal of West Liberty; Kelly in Oklahoma, and Bill in Ohio.

Her husband, the late Sam Spencer who died in 1952, was a well known oil operator in Eastern Kentucky.

Funeral services will be held at the residence in West Liberty at 10 a.m. Saturday and burial will be in the West Liberty cemetery under direction of the West Liberty Funeral Home.

Her father was Harrison Neal, who later died. Her mother was one of the early settlers, coming from Tazewell county, Virginia to Morgan county. The Neal Valley was named for him. Her mother, Susan Hancy Neal, was the daughter of Elizabeth Day, whose grandfather, John Day, came from Lunenburg county, Virginia in 1810 and settled on Little Sandy.

Mrs. Spencer was a member of the Methodist church at West Liberty. She was born Dec. 27, 1880.

GRASSY CREEK—

J. M. AT 83 VISITS
CIRCUS, SHOOTING

GRASSY CREEK, Ky., Aug. 9—(By J. M. Gevedon)—A number from his section attended the circus and found it to be a very interesting affair attended by a very interested gathering that seemed to have reluctance in parting with their change they slowly gathered under our present "change."

We, also, attended the shooting contest at Index Sunday, and though too old and decrepit to engage in the exercises, I sure enjoyed every minute of the time. The average shooting over the trap, showed the reason why we still have some quail in Morgan county. The rifle contest was proof, evident, of the inaccuracy of modern marksmen.

As to the pistol practice, it seemed that most every one was out of practice. I didn't get to see our Sheriff try his hand. Probably he didn't want the didn't want the boys to discover his ability with the cutler. Mr. Barber was the only Indian I saw there, with his bow and arrows; I don't think they had any contest in that line.

Now that the drouth has ended by big rains, citizens around here are busy cutting down the big, tall weeds about the premises, and have already begun to grumble about the change.

Mrs. Hetta Brashears, grandson Michael and sons Billy, Benny and Joe, and a Mr. Fox, all of Middletown, O., were visiting Sunday with Mrs. Luetta Byrd and Aunt Jeston.

A SAD REVELATION

An Editorial in The Memphis Commercial Appeal
(The Commercial Appeal supported Dwight
Eisenhower for President)

A determined group of senators has scored a major accomplishment in their 13 days of opposition to the atomic energy bill. By insisting on airing the peculiarities of this bill on the Senate floor they have brought to nationwide attention the war on public power. More than that, they have put public power into the middle of the elections this fall. A Democratic Congress next winter is assured. For those of us who have had hopes for a strong two-party system in the South, this atomic energy plan was the death blow. It is a double tragedy for the Republican Ad-

ministration to have to put such objectionable features into a revision of the atomic energy legislation. Revision was unquestionably needed. For the private power forces to be able to put into the bundle, with the needed changes, an assortment of raw deals was sufficient to announce the failure of modern and moderate men to hold control of the Republican Party.

President Eisenhower, sensitive of his military background, has avoided the man-on-horseback role. He has allowed the old ironheads to lead the party right back down the road to futility.

The President is being led around by people who have always been set against rejuvenation of the Republican approach to our national problems. Dwight Eisenhower represented the fresh newness of Republican policy in the Chicago convention days, and he defeated the stale accumulation of worn-out policies there. In the campaign he went on to defeat the staleness that had settled into 20 years of Democratic Party management of national affairs.

What has happened since in the recapture of the reins of power by Republican agents of the vested interests was spread before the nation's voters by means of senatorial debate on the atomic energy bill. The senators who attacked made it plain—glaringly plain—that even the progressive features of the essentially conservative Republican strength of recent years have been thrown into the trash can in this shifting of control at the highest levels.

FARMERS PUT IN A SQUEEZE

Estimates in Washington these days are that the new farm controls and lower price supports will cut farm income 5 to 10 percent next year if weather is normal.

This will be in addition to the 13 percent the average farm prices already have dropped in the last few years. There is no indication of any sizable drop in prices farmers will have to pay for things they must buy next year.

STRAWBERRY GROWERS SEEK 100 ACRE CROP IN MORGAN COUNTY

Growers See A Cash
Income \$1,000 An
Acre From Berries

Farm families who have been growing strawberries for market are seeking to increase the acreage to 100 acres, according to County Agent Charlie Dixon.

The growers are talking to their neighbors about their own successes and trying to help them start strawberry patches and do them right. They have three reasons in mind.

1. First, strawberries as a crop has no allotment, unlimited market, per acre income equal to tobacco, are suited to our land and could increase our income by \$1,000 per acre.

2. Second, if sufficient acreage can be obtained a processing plant can be located in the county or federal grading could be done

near by.

3. Larger acreage and volume would cut marketing costs for everyone.

Contacts are being made to locate a source of good plants to be obtained the first of next March. Orders are being taken for plants, with a small deposit to insure delivery. Walter Franklin is serving as treasurer to take the plant orders. Interested farmers should see Mr. Franklin. The group suggests that new growers start with one-half acre which would require 2,000 plants. The Tennessee Beauty variety is suggested.

For information, farmers may see Mr. Dixon, the county agent, one of the agriculture teachers, one of the Farmers Home Administration Superintendents or Hobart Cassidy, Crockett, Harry Coffey, Cottle, Mrs. Jasper Jones, Insko, Mrs. James Tyne, Index, or Mr. Franklin.

ELECTION BOARD

(Continued from page one)

Other members of the county election board are Ezra Bach, president of the Morgan County Farm Bureau; Berlyn Brown, County Soil Conservation Service representative, and R. Gay Blair, Farmers Home Administration Supervisor.

Boards To Nominate 10

The community A.S.C. election boards will nominate ten farmers to be voted upon for community committeemen at the elections August 30. A ballot will be available for each voter. Each ballot will bear the ten names nominated by the respective community election board. Each ballot may bear other nominees' names also.

Nominations By Petition

Each community election board must meet and prepare its list of nominees by August 20. Other nominations may be made by petitions signed by ten eligible farmers. The petition may be a simple statement that those signing want to nominate a designated person for community committeeman in a designated community. Such petitions must be in the A.S.C. office at West Liberty on or before August 24. These names will also appear on the ballot and all names will be in alphabetical order.

Nominations may be made from the floor before voting starts on election day. The election will be held from 10:00 a.m. until 1:00 p.m., Central Standard Time, August 30. The places are to be announced by the County A.S.C. committee.

The person who gets the most votes for community committeeman will be the chairman and the delegate to the county convention which meets August 31 to select the county committee. The person receiving the second highest votes will be the vice-chairman and so on through the third member and two alternates. Each voter will vote for not more than five persons for community committeemen.

to take the stage and perform. When a person asked President Blair about the merits of home-comers' talents he replied that "anyone who has heard Murray Seitz sing, Walter Sebastian and Hattie Baldwin play the piano, Betty Jo Gevedon sing would not question their ability."

The most looked-forward-to event of the homecoming will be the big square dance that will immediately follow the entertainment hour. Professional square dance musicians from Paintsville will make music and see that the tangled feet get untangled at the right time. Sonny Rose and Andy Walter are in charge of the dance. During intermission round dancing will be enjoyed.

Reception at 2 O'Clock

Earlier in the day, at 2 p.m., a reception for all home people and visitors will take place on the lawn at the home of Senator and Mrs. C. K. Stacy. To show visitors that the old home town has not gone hi-hat, tables will be covered with checked cloths and punch will be served from stone churns. Favors for everyone to take home will be souvenir napkins with "1904-1954" printed in gold and fans with a picture of the old Institute.

Decorations for all events will be carried out in blue and gold to show the school's colors and to play up the Golden Anniversary theme. Luther Blair urges everyone in the town and county as well as those living away to plan to attend all events of the homecoming and to make their reservations for the banquet at once. "Let's make this homecoming one to be remembered."

McCLURE SELLS WHOLESALE

Chase McClure of Lexington, formerly of Morgan county, recently sold his Cynthiana Wholesale Grocery Company in Cynthiana to Charles R. Cooper, Herbert Moore, W. L. Renaker and Gerald M. Whalen, all of Cynthiana. Cooper, former employee of the H. J. Heinz Co., will be manager.

As a result of two lesson on safety in the use of electricity, Trigg county homemakers wired 296 lamps, repaired 71 electric cords, made 113 extension cords and assembled 132 lamps.

FARM FIELD DAY

(Continued on page four)
about 70 acres of corn this year with 2.4-D to control weeds.

The group saw a new farm pond being started. An old pond gave plenty of stockwater last fall, according to Mr. Cassidy. He showed them a patch of Kudzu that does a good job of controlling soil erosion and is also a good pasture crop, suitable for rough land. Soil Conservation Service technicians laid out the farm ponds. The group was urged to consult the Service if they thought they had a suitable location for a pond.

New Cash Crops Talked

Four farm men and women took part on a panel discussion of new and additional sources of farm income. Mrs. Harold Rose, president of the Homemakers Council, pointed out the concern of women and children, as well as the farm men, in increased home income. She pointed out home conveniences, educational opportunities, health facilities and even vacations depended upon the income from the farm.

Mrs. Jasper Jones told how strawberries and sheep were providing new cash enterprises for their small farm. In four years she has had an income of \$1,400 from strawberries. She had two crops from one-fourth acre and one crop from one-half acre. They started a sheep flock last fall with 30 ewes. They sold the wool for 54 cents a pound. They also sold 32 lambs and 20 native ewes. They have kept the 10 Western ewes because they raised 1½ lambs each that were larger and graded higher. The Western ewes also caused much less trouble at lambing time.

Hobart Cassidy described how he had made a profit of over \$1,000 per acre per year from strawberries. He stressed that the income is received in mid-year, that the crop does not have an allotment, that geese do most of the labor, there is ready market for all the berries and returns are as good as from tobacco.

Eugene Hamilton of Mize told about his first year of growing beans for market. He said that frost, weeds and bugs were great handicaps for him. He learned several ways to cut his costs and increase his yield for next year. He figures a net profit of \$75 this year. He mentioned Denzil Lee Hill, Belle, who sold \$1,100 worth of beans from 1½ acres this year. Eugene also reported an income of \$200 per acre from sorghum and likes it as a cash crop.

CONSERVATION DISTRICT NEWS

By BERLYN BROWN

The Morgan County Soil Conservation District office has received requests from ASC office for conservation practices to be serviced by the Soil Conservation Service technicians for the period ending Aug. 31, 1954. These requests are broken down as follows: for farm ponds 43, tile drainage 13, open ditches 4, controlling shrubs 50, and sod waterways, seeding dams and gulches 5, for a total of 115 requests for ACP practices to be approved, surveyed and applied. Ponds have been surveyed for Audie Gibbs, Bert Cassidy, Ellis Cassidy, Douglas Lykins, Lonnie Thornberry, and Walter Collins and C. K. Stacy, Blairs Mills, Wendell Beach and Willis Callahan of Blaze, Charne Murphy of Ezel, Sam D. Ceell, Hazel Green, and Arnold Richard and Denzil Goodpaster (2 ponds). Ebon. All but three already have been constructed and now have several feet of water in them.

At the last meeting of the district's board of supervisors Dillard Murphy, chairman, was presented his 10 year service pin by Edgart Holbrook, vice chairman.

ELLIOTT ELECTION RESULTS

Democrats in Elliott county gave top-heavy majorities to Alben W. Barkley and Congressman Carl D. Perkins in Saturday's primary, and Republicans gave majorities to Senator Cooper for renomination and Curtis Clark for Congress.

The vote, however, was very light. Only 1,160 Democrats and 27 Republicans cast ballots in the county.

Former Vice President Alben W. Barkley received a total of 1,068 votes for the Democratic nomination for U. S. Senator. His three opponents received scattering votes totaling 48 for James I. Delk and 21 each for Jesse N. R. Ceell and E. J. Hussey.

Incumbent Congressman Carl D. Perkins of Hindman polled 938 votes in Elliott against 369 for James Wine of Pikeville for the Democratic nomination for Seventh district Congressman. Senator Cooper received 26 votes for the Republican renomination for U. S. Senator. G. Tom Hawkins received 1 vote. Jones received no votes in Elliott.

Kaiser Aluminum & Chemical Co. passed up sites near Ashland and Portsmouth and at Somerset, Ky. and selected a site on the Ohio river at Ravenswood, W. Va. to build its new \$60 million dollar aluminum plant to employ 2,500 workers.

THOSE HERE for the Morgan County school homecoming Saturday, Aug. 21, will find a new wing has been built on the school. Workmen can be seen atop the recently completed addition. The original school, built with Public Works Administration help, replaced the old red brick structure built in 1904 as the Matthew T. S. Scott, Jr. Collegiate Institute. The red brick school was dedicated in 1904 by Adlai Stevenson I; the present structure was dedicated in 1937 by Mrs. Franklin Delano Roosevelt. Homecoming square dance will take place in this building.

HOMEcoming

(Continued from page one)

During the banquet hour, Bernard E. Whitt, former homecoming president, will present his award to the person who correctly identified the two men pictured in last week's Courier. "The winner will be announced the night of the banquet, officer Whitt when questioned about the contest. "Entries were received from five states and all were so close that judging has been difficult. The prize is an excellent good one."

Gay Nineties Revue and Dance

A stage show depicting a Gay Nineties Revue will be presented during a short entertainment following the banquet in the high school auditorium. All talent for the Revue, including musicians, dancers, singers will be made up of homecomers. A feature of the Revue will be the "Talent Wheel" in which names of all those here for the homecoming will be placed. DAIRY FARMERS TO VOTE AT EZEL AND WEST LIBERTY ON AUGUST 21

All farmers who sell milk or cream to any kind of milk plant or cream station are eligible to vote in the Dairy Promotion Referendum Saturday, Aug. 21.

The question to be voted upon is whether or not deductions should be made from all milk and cream checks to be used in a program to encourage greater use of dairy products. Maximum deductions under the law would be 2 cents for each 100 pounds of milk or 1/2 cent per pound of butterfat. The funds would be

administered by a dairy commission composed of men in the dairy industry, chosen by the governor.

The money would finance advertising by radio and television, magazines and newspapers and research into new uses and ways of preparing dairy products. People are using less milk and milk products than they did a few years ago. Dairy men hope to recapture this market and increase the demand for dairy products.

All dairy producers are urged to come out and vote on the question.

Maj. Barber and Family Visiting Mother Here

Maj. William E. Barber of Camp Lejeune, N. C. and Mrs. Barber and their children Sharon and John came Tuesday for a week's visit with Maj. Barber's mother, Mrs. G. W. Barber, and his brothers and sisters. Maj. Barber is now stationed at the Marine Base at Camp Lejeune after completing the Special Infantry Officers Training School at Camp Benning, Georgia. He was one of two Marines selected to take the special course. Soon after returning to Camp Lejeune Maj. Barber will leave for a six months tour of duty in command of a Marine outfit in the Mediterranean area.

Maj. Barber is Morgan county's outstanding war hero, having been awarded the Congressional Medal of Honor by President Truman two years ago for heroic service in Korea in the winter of 1950 while commanding a company of Marines in the Chosin Reservoir section.

The above teachers either have a legal certificate or have met requirements of the state board of education by attending college and making the necessary college hours during the school term or since the schools closed last year.

Supt. Carl Stewart said that the County Board of Education is not permitted to employ teachers unless they have a certificate and have the legal requirements of the state board. The state board of education does not permit them to place emergency teachers until after schools begin and all available teachers have been employed and that the state board requires them to submit applications for emergency teachers that are passed on by the State Board of Education.

He regrets that there are a number of teachers who have not gone to school and met the requirement who taught last year. College courses had been made available at Morehead during last year in order to give all teachers who desired to teach this year an opportunity to make the required hours. A school bus made the trips to Morehead without cost to teachers. About 35 teachers took advantage of these classes. Supt. Stewart and his attendance supervisor Walton Jones attended some of these classes at Morehead College. He realizes that it is some times inconvenient for teachers to attend classes; however, he did all he could and all teachers were advised of the requirement in ample time.

Some schools will be filled with legal teachers as substitutes who are employed in high schools until a teacher can be secured. Stanley Trimble at Lenox.

West Liberty Cut-Rate Market

Southern States Cooperative and Its Service Agencies

Have Drastically Reduced

FEED AND SEED PRICES

UNDER FARMERS' SELF-HELP

DROUGHT EMERGENCY PROGRAM

In many sections of Southern States' operating territory a devastating drought has played havoc, adding to the problems of the drought has struck for the third time in as many years, making the situation even more disastrous. The farmers who own and use Southern States Cooperative—283,000 strong—are doing something about it under their own self-help program of working together.

Drought Emergency Pasture

Prices on Balho and Abruzzi rye and Domestic Rye Grass have been drastically and arbitrarily reduced—rye from 30 to 35 cents per bushel, and rye grass about \$1.75 per 100 pounds. Yet Southern States' high quality standards have been maintained. These seeds may still be needed with the coming of the rains for late fall, early winter and early spring pasture. Pasture is by far the cheapest and one of the very best feeds. It can greatly reduce the amount of hay and grain which otherwise would have to be purchased, and thus substantially reduce feed costs. To help you lower your production costs, Southern States is pricing these seeds below cost, and service agencies are handling them at approximate cost.

Feeds Specially Priced During Emergency

The price of Southern States 16% Pasture Dairy feed has been lowered as much as \$6.00 a ton (20c bag). This top quality feed contains over 1,400 pounds TDN per ton. It is an excellent dairy feed for cows on pasture regardless of weather, but is especially suited for dairy men hard hit by drought. It will keep your milk production high, your expenses low, and you will have a better cow left.

The price of Southern States Egg-Maker has been lowered as much as \$4.00 per ton (20c bag). This top quality laying mash for birds on range contains 20% protein with an abundance of vitamins, minerals and all other nutrients needed by birds on good pasture. Egg-Maker will keep your egg production high, expenses low, and you will have a better hen left. Both 16% Pasture Dairy and Egg-Maker are regular Southern States Open Formula feeds. Their high quality remains unchanged although prices have been substantially reduced as an emergency aid to you farmers who own and use this cooperative. In fact, Southern States is pricing both feeds below cost, and service agencies at their approximate cost.

Drought Hay Program

Hay will be purchased and supplied patrons at money-saving prices this year, as was done last year. Both Southern States and agencies will render the service at greatly reduced margins.

Self-Help At Work

By supporting this cooperative effort, you help make prices of supplies more reasonable and saves real money by using quality feeds and seeds cooperatively manufactured and processed by farmers in their own plants and mills.

4-H'ER WRITES FROM DENMARK

Below is a copy of a letter written by Miss Madge Gambill, Johnson County 4-H Club girl, who is spending six months in Denmark under the International Farm Youth Exchange Program. She is staying with farm families in that country—

Egaa, Denmark
July 13, 1954

This is my first day back at my home after five days of camp life. I left Wednesday, July 7, and returned Monday, July 12. It was a very interesting experience I would like to share with you.

The camp was the first National 4-H Club camp in Denmark. It was held at Fuglas mark which was once an Army camp but since 1934 it has been owned by the Danish Gymnastics Association, a youth organization. Approximately 150 boys and girls from 10-18 years old attended their first National 4-H camp. The camp is very similar to our district camp in Johnson County. The daily program consisted of flag raising, sports, wood carving for boys, buttonholes for girls, botany, photo tips and singing with entertainment and campfire. One leader was in charge of camp and special leaders had been asked to attend. This was a wonderful opportunity to work with the young people of Denmark.

I was very impressed by the first morning of camp at flag raising when our 4-H Club flag went up with the Danish flag. It had been brought from America by a former I. F. Y. E. to U. S. from Denmark. Even though our two countries are so far apart and one so large while the other one is so small, that a 4-H flag could be flying over both Danish and American 4-H'ers with the same understanding and purpose in mind, "To Make the Best Better." Even though I can not always speak their language or understand them I have found "A smile is universal."

Here is a little incident that happened the other night. I went to the barn to watch my mother use the electric milker. Since he can not speak English and I can not speak Danish we have some difficulty in carrying on a conversation. I was standing by watching when he kept saying, "Mis," "Mis," "Mis." He did this several times and each time I tried to answer with my little knowledge of Danish, but he didn't seem to be satisfied and kept calling "Mis." Finally the small cat came running and my best brother came in the barn and he said, "Mis," is for cat in Danish and there I stood feeling like a cat who had swallowed the canary.

MADGE GAMBILL

This is another letter from Miss Madge Gambill, 4-H Club member from Johnson County who is spending the summer in Denmark under the International Farm Youth Exchange Program.

Egaa, Denmark
July 29, 1954

Dear Fellow 4-H'ers, Parents and Friends,

I have been so busy the past week that I hardly realized it was time to get another letter in the mail.

Last Friday my I.F.Y.E. Family took me to see "The Old Town," a part of Aarhus which has remained as it was in 1800. I found it very interesting, seeing how they once lived, worked and dressed. After spending the afternoon there we went to a friend's home for dinner and the evening. The Danes entertain in a little different manner than we, but the food and service is very, very different. It kept me on my toes, trying to do what is correct to the Danes, understanding a little of the conversation and knowing when they were speaking to me. I enjoyed the evening very much, but we I.F.Y.E.'s have to be alert at all times.

My host mother and I have been very busy this week preserving food. I have never picked so many cherries, red raspberries and red currants. The fruit here is very nice and plentiful and they are certainly conservative in their use. By the way, I wore my first pair of wooden shoes today while picking red currants. Since it has rained almost every day this month the ground is very wet. My mother doesn't want me to get my saddle oxfords dirty, or maybe dirtier, so she gave me a pair of wooden shoes. They were very comfortable while standing, but I had some difficulty in lifting my feet when walking. Of course, they thought I was very comical and enjoyed watching me trying to be a typical Danish girl.

Sunday, Nancy—an I.F.Y.E.—and I went to a 4-H Field Day with the County Agent and Home Demonstration Agent and their son. The Toftegards were picking us up at eleven a.m. so we were to take our lunch along. When I was ready to leave, my I.F.Y.E. Mother reached me a very small package wrapped very neatly in brown paper and said, "I hope you won't get very hungry before returning." After we had driven for about two hours we stopped at a cafe to eat. I was rather surprised when we were led to a nice dining room and a waiter ready to get our drinks. I opened my camera bag, took out my small package and removed the brown paper, then a paper napkin and there before me was my lunch. It consisted of eight different kinds of sandwiches each half wrapped separately in waxed paper. The Danes call them

smorbred, which is bread, either rye or white bread, spread with butter and then a meat, cheese, salad or tomatoes. They are what we would call open faced sandwiches, since they have no second slice of bread. I'm sure the Toftegards noticed my expression when I saw so many sandwiches in one small package. They surely gave me a little smile when I was wrapping some of them up again and explaining to Nancy that I had to eat them before returning home. Oh, yes, about 5:30 p.m. they tasted even more delicious.

Now that I've told about my lunch I think the 4-H'ers would be interested in the field day. It was an exhibit of their projects, folk dancing, hand ball and gymnastics. However, the only projects shown were the animals. These were birds, chickens, ducks, bats, rabbits, guinea pigs, cats, dogs, sheep, pigs, cows, calves and ponies. Many of the members were only 7 years old and very few over 12 years. We found their cages and pens very unusual. Each person used his own taste in decorating them and they were very interesting. Many were covered with fresh flowers and bright colors. The calves had ribbons, small bells, and bouquets around their necks. The dogs and cats had great big ribbons on their collar. Each person is awarded a prize, but they vary depending on rating. They do not present any ribbons but are interested in our method and perhaps will be using it in the future. Oh, yes, they were glad to meet two Americans who had been 4-H'ers and I had to give a little talk. It was translated for me, but as I said we have to be alert.

Last night Nancy and I were invited to attend the Danish Folk School. About 30 young English farmers were guests. The history of the school was explained in English and the director felt it was a good time for us to be present. We certainly had an enjoyable evening but found it almost as difficult to understand the English boys as the Danish. Yes, they did enjoy hearing Americans talk and they certainly thought we sounded very funny.

I am making a few accomplishments with my bicycle riding. I can now ride to Nancy's farm without getting off and walking up the little hills. I still haven't tried to ride 30 kilometers in a day.

I must go to bed since I have a big day ahead. Tomorrow being Friday it means we clean all the windows, woodwork, floors and furniture. This is a weekly chore and never neglected. We are also having guests for a week and must do some extra baking. I have just had coffee, cake and pastries. I only wish you were here to enjoy them also. Now I'll say "Godt Nat" to each of you.

Aug. 9—Mr. and Mrs. Waldo Lacy and Mrs. Elsie Lacy toured recently in the seven following states. In Virginia they stopped at Seven Mile Ford, where Mrs. Lacy's father was born. Here they found an excellent farming region. From here they motored through the Jefferson National Park, then on through the Blue Ridge Mountains of North Carolina. They passed through Charlotte, N. C. and Columbia, S. C. On going southward they saw acres of peach orchards, sugar cane and cotton ready to pick and some being picked. From Columbia City they toured through Savannah, Ga., then on to Jacksonville, Fla. While in Florida they visited Daytona, West Palm Beach and Miami Beaches. Traveling on to Key West they crossed the Seven Mile Bridge, where there is an excellent view of both the Gulf of Mexico and the Atlantic Ocean. Returning from Key West passing through the Everglades of Florida. Going on northward they passed through Tallahassee, Florida, a small portion of Georgia and into Montgomery, Alabama and then on to Bryson City, N. C. and through the Smoky Mountains into Tennessee; then on to Knoxville and through the Cumberland Mountains, passing through Corbin and Richmond, Va., and going through Renfro Valley.

Mr. and Mrs. Robert Goodpastor, Linda Goodpastor, Waldo Lacy and mother shopped in Mt. Sterling Friday, Aug. 6. On returning they called at the home of Mrs. Mary Johnson and Mrs. Fanny Chippis, sisters-in-law of Mrs. Lacy. Sunday morning Mr. and Mrs. Robert Goodpastor and Linda, Mrs. Waldo Lacy and Mrs. Elsie Lacy attended church at Centerville and in the afternoon all except Mrs. Waldo Lacy attended the camp meeting at Camargo where they heard the Rev. Willard Wilcox preach.

Know Your Schools
By BERNARD E. WHITT

Thirty-two years ago, on Dec. 9, 1922, a petition was filed with the Morgan County Board of Education asking that a special election be held on January 13, 1923 for the purpose of voting a special tax of 20 cents on each hundred dollars of property to extend the school term in the grades for ninth months. The petition was signed by C. A. Turner, C. K. Stacy, Jas. P. Oney, D. R. Keeton, Dr. H. V. Nickell, Otto P. Carr, H. C. Rose, A. M. Nickell, Ed Cochran and C. H. Black.

The minutes of the board meeting on Feb. 3, 1923 state as follows: "Election returns of West Liberty sub district canvassed and returns show that a tax of 20 cents per hundred dollars was voted. Every vote cast being in favor of the tax. Thirty-seven votes were cast. The tax is levied and the sheriff is directed to collect same."

Thirty-one years ago—Della Patton, now tax commissioner in No. 9 and received \$352 for the seven months salary. She attended KEA in Louisville.

In 1922 Floris Cox taught at Pump and received \$352 for the seven months and attended the KEA.

Harlan Brown, now representative of the American Book Company for a number of states, was teaching at West Liberty and received \$80 per month. He attended KEA for which he received \$12 additional salary as did all teachers who attended the educational meeting.

Sam H. McGuire was principal at West Liberty and received \$158 per month. Rebekah Phillips was assistant high school teacher and received \$80 per month.

Salary Schedule 1922—Signed by George Colvin, State Superintendent—graduates of the eighth grade, \$45 per month; \$2 per month is added for each year of high school. Four years of high school and one year of college, \$75 per month; \$25 per month is added for each additional year of college and \$5 for attending a summer term of six weeks. The principal received \$20 more per month in subdistricts and \$50 in the high school.

At the August meeting 1922 the following minutes were recorded: On motion of J. S. Carter, seconded by W. O. Pelfrey, the site below a branch on left of the road on the land of Allee Barber, administratrix. Motion made to select same and the county superintendent to take necessary steps to obtain same. W. O. Pelfrey, yes; J. W. Fannin, yes; J. S. Carter, yes; Curren Nickell, yes; E. C. Gevedon, yes; W. A. McGuire bid to furnish all material and complete school building on Lucky for six hundred and fifty dollars, being the lowest bid was

rejected; also all other bids were rejected as being too high and to advertise for further bids. Bernard E. Whitt, supt., and Secretary J. S. Carter, chairman.

Feb. 3, 1923—County Board of Education hereby requests the State Department to establish a teacher training school at West Liberty to begin Feb. 26, 1923 or as soon as possible in order to meet the emergency that may exist in a teacher shortage for lack of Normal training permitting them to be eligible to take the county examination. The County Board of Education will willingly cooperate and do their part in maintaining said school. (Signed)—J. S. Carter, J. Curren Nickell, J. W. Fannin, Bernard E. Whitt, county superintendent.

July 7, 1923—The following minutes are recorded—J. S. Carter, J. W. Fannin and B. E. Whitt are appointed a committee to purchase or hire a home for the county superintendent to visit schools. They are to consider which is best and cheapest for the county.

In 1923 Ed Cantrill taught the school at Ophir and received \$350 for seven months salary. There were 58 in the census. He enrolled 64 and had an average attendance of 43.

50% better mileage—

**NOT 5¢ FOR REPAIRS
IN 34,400 MILES!"**

Here's the typical performance record of GMC Hydra-Matic* trucks as being reported from all parts of the country

Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.

Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.

And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!

Now, how about you? From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

*Standard on many models; optional at extra cost on some others.

A WHOLESALE BAKER, supplying his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:
The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.

In use now up to 34,400 miles, not a nickel has been spent on repairs for any one of them.

NOTE OF THANKS

The family of Josephine Gardner Westermark sincerely thanks all those who so thoughtfully contributed to the comfort of the bereaved.

The lovely flowers, the fine manner in which the funeral services were conducted, the generosity and kind words of friends helped immeasurably to lessen the grief. One member of the family, now living away, remarked: "I know the people of Morgan County are the best in the world." May God bless you all!

We thank the Licking Valley Courier for providing this opportunity to express our feelings.

DOG LAW TERMS SENT TO OFFICERS

FRANKFORT, Ky., Aug. 2—A summary of provisions of the recent dog law, both as to inoculation provisions and licensing terms, was sent this week to all law enforcement officers of the State by Attorney General J. D. Buckman, Jr., who said that "considerable confusion has developed relative to the law's terms."

The synopsis, prepared by Assistant Attorney General John B. Browning, points out these terms: 1. Every dog six months old or over must be vaccinated annually, on or before July 1, by either an accredited veterinarian or a person holding a permit from the State Board of Health.

2. Any dog vaccinated against rabies in another state need not be re-vaccinated when brought into this state, provided requirements of the other state are not below Kentucky's standards. The dogs must be re-vaccinated a year after the first vaccination.

3. Physicians must report the cast of a person bitten by a dog, cat or other animals to the local health department, and the animal suspected of having rabies must be quarantined.

4. Local boards of health may require animals confined where there is danger of rabies spreading in the community.

5. Fiscal courts are required to employ dog wardens to aid in collecting dog license fees.

6. Fiscal courts shall establish and maintain dog pounds.

7. All dogs six months old or more are required to be licensed annually.

8. Dogs must wear two tags—one showing they have been inoculated against rabies, the other that they have been licensed.

FISHING NEWS

Bernard Whitt, Fishing Editor

Lands 18-Pound Muskie

Walter Burks, Dingus, brought to the office Tuesday the head of an 18-pound Muskie landed by his brother-in-law, Joe T. Williams of Ashland, in the Sandy, between Grayson and Sandy Hook and Walter states that while he does not belong to any church, that the brother-in-law, who caught the fish, is a minister at Westwood Baptist Church, and he believes he is truthful. Mrs. Della Williams, tax commissioner, and Robert Patrick, deputy jailer, saw the fish head and believe the story to be true.

John Davis Has Fish Trouble

John Davis, of Ezel, fished at Skinner's Lake in Indiana for a month with rod and reel and cane pole. At one time he had a 22-inch pike on the reel and a 24-inch pike on the cane pole. He managed to land the fish on the reel and the pole swam away. He chased it down and landed a 24-inch pike on the cane pole. He set his pole that night about 40 feet away from the cabin. Late at night his wife heard noises and awoke him. Going to his pole he caught another 24-inch pike. John said he had fished all his life and this was his best luck. John used to be a bear hunter and I remember seeing him one day with a big black bear tied on the car as he returned from hunting. He is a good farmer and respected citizen and goes to church and we believe he is telling the truth.

Marion Lawson of Ezel was in town Monday and he said he yet believes that C. K. Stacy would be a good witness about fishing. The editor opines that Mr. Stacy never went fishing and is not qualified as a witness.

Billie Allen caught a 9½-pound silver carp at Gordon Ford on a trot line, Monday.

CROCKETT

(By Mrs. Jas. Hutchinson)
Aug. 2—Mr. and Mrs. Arthur Dalton of West Virginia visited her mother, Mrs. Ellen Hutchinson over the week end.
